Who we are

IdeaNav is a company managed by patent attorneys, specialising in renewal of foreign patents and designs using its proprietary online platform, since 2007.

Users

We manage +3,500 patent and design renewals for +200 clients, including:

- South Africa's biggest oil company
- South Africa's largest payment processor
- Various South African universities
- US pharmaceutical companies
- Largest US online gambling multinational

Key features of online renewal system

- Verifies patent input data against data in patent databases
- Auto extraction of verified patent data from patent databases
- Renewal costing based on current exchange rates
- Email reminders of upcoming renewals (6, 3 and 1 month)
- Live renewal status monitoring online
- Online viewing of tagged renewal receipts
- Online renewal payment – via credit card or EFT
- Simple, immediate forecasting of future renewal costs
- Links to full copies of patents
- Alerts of new third party patents closely related to your patents
- We negotiate bulk renewals with agents to reduce your renewal costs
- Paperless system

Safety and accuracy of the system

- To input a patent: insert the patent number; the system displays an image of the patent and extracts the patent data from databases
- The system conducts background checks (e.g. searching for related PCT patent) to confirm the correct renewal base date
- Records are backed up daily
- Our system has been developed over 8 years
- At the beginning of each month, we receive a monthly report of all patents and designs falling due for renewal within the next 6 weeks, and contact each patentee to confirm his intention to let the patent lapse
- Easily migrate renewals from our system. We do not lock you in

We can upload your patents and designs at no cost. Just send us the registration numbers by email to info@ideanav.co.za.

All our inputs are passed by two persons for independent checking.

Cost

Save up to 60% on foreign renewals in more than 100 countries.

Managing your patent portfolio

- Your patent and design portfolios (with live renewal statuses and patent / design info) are available online from any computer
- Edit and delete patent / design records
- View your patent "citing documents" at the click of a button
- Add new patents and designs at any time
- Add your reference to each patent record
- Search according to patent / design number, title, applicant, reference and business unit
- Track the progress of renewals online
- Review previous renewal instructions online
- View and download renewal certificates online

Infringement alert: Our system continuously tracks third party patents that may infringe patents in your portfolio, and sends you infringement alerts by email.

FAQs

- Am I not bound to continue paying renewals through the patent firm that filed my patent? **No**
